**ABELIA - ACER**

**KALEIDOSCOPE ABELIA**
Abelia x grandiflora ‘Kaleidoscope’
2-3’ H x 3-4’ W
Semi-Evergreen
Bright, golden-yellow variegation and brilliant, red stems with white clusters of summer flowers.

**BLUE CLOAK FIR**
Abies concolor ‘Blue Cloak’
20’ H x 10’ W
Evergreen
A blue form of the white fir, with a strong upright leader and draping side branches.

**SILBERLOCKE FIR**
Abies koreana ‘Silberlocke’
10’ H x 6’ W
Evergreen
A small, pyramidal tree with curved needles that show off their silver undersides.

**AMUR FLAME MAPLE**
Acer ginnala ‘Flame’
15-20’ H x 15’ W
Deciduous
Small and hardy, this tree is popular for its red fall color and bright red samaras. A great street tree for under utility lines or near sidewalks.

**PAPERBARK MAPLE**
Acer griseum
25’ H x 15-20’ W
Deciduous
With an oval or rounded crown and open habit, this maple is a favorite for its papery sheets of bark that peel off, exposing cinnamon-colored bark beneath.
JAPANESE MAPLE

Acer palmatum

Varies

Deciduous

An exotic accent to any landscape, this plant is outstanding for its delicate, lobed foliage, unique color combinations, and striking fall color. Many varieties of Japanese maple excel in our area, mostly Acer palmatum or Acer japonicum.

There are two categories of Japanese maples: Dissectum, otherwise known as lace-leaf, and Palmatum, or full-leaf. Weeping varieties tend to get as wide (or wider) than high, and upright varieties create a vertical element in the landscape. All Japanese maples prefer morning sun and afternoon shade, but upright varieties, like ‘Bloodgood’ and ‘Emperor I’, tolerate heat and sun well and can acclimate into full sun beautifully.

ACER (MAPLE) COLLECTION

CRIMSON SENTRY NORWAY MAPLE
Acer platanoides ‘Crimson Sentry’
25’H x 15’W
Deciduous
This very narrow, purple-leaved maple fits well into residential gardens or anywhere a smaller tree is desired.

ESKIMO SUNSET MAPLE
Acer pseudoplatanus ‘Esk Sunset’
15-20’H x 10-15’W
Deciduous
A stunning maple with pink, green, and white splashed foliage; a great understory tree that prefers afternoon shade.

CRIMSON SUNSET MAPLE
Acer truncatum x platanoides ‘JFS-KW202’
35’H x 25’W
Deciduous
A great purple-leaved maple with a spreading, rounded crown. Beautiful scarlet coloration emerges in fall.

BUCKEYE
Aesculus
Deciduous
- BOTTLEBRUSH BUCKEYE
  8-12’H x 8-15’W
  White summer blooms; perfect for mass planting or specimen shrubs.
- RED BUCKEYE
  10-20’H x W
  Handsome and small with attractive deep-red flowers in spring.

MIMOSA
Albizia julibrissin
20-30’H x 15’W
Deciduous
Distinctive fern-like foliage and pincushion-like pink blooms.
- Summer Chocolate (bronze foliage)

MASSACHUSETTS KINNIKINNICK
Arctostaphylos uva-ursi ‘Massachusetts’
6-10’H x 3-6’W
Evergreen
Cold-hardy, glossy-green groundcover with pink blooms in spring, followed by red berries that persist into winter.

SHANTUNG MAPLE
Acer truncatum x platanoides
30’H x 25’W
Deciduous
More compact than a Norway maple, but with all of the brilliant fall color.
- Norwegian Sunset
- Pacific Sunset

RED MAPLE
Acer rubrum
40-45’H x 30-35’W
Deciduous
A broad habit and bright-red fall color.
- Redpointe
- October Glory (later fall color)
- Sun Valley (seedless)

SUGAR MAPLE
Acer saccharum
50-75’H x 30-50’W
Deciduous
Fast-growing, tough, and bright.
- Fall Fiesta
- Commemoration
- Oregon Trail

SUMMER CHOCOLATE
Albizia julibrissin
20-30’H x 15’W
Deciduous
Distinctive fern-like foliage and pincushion-like pink blooms.
- Summer Chocolate (bronze foliage)

BOTTLEBRUSH BUCKEYE
BOTTLEBRUSH BUCKEYE
8-12’H x 8-15’W
White summer blooms; perfect for mass planting or specimen shrubs.

BUCKEYE
Aesculus
Deciduous
- BOTTLEBRUSH BUCKEYE
  8-12’H x 8-15’W
  White summer blooms; perfect for mass planting or specimen shrubs.
- RED BUCKEYE
  10-20’H x W
  Handsome and small with attractive deep-red flowers in spring.

RED HORSECHESTNUT
Aesculus carnea ‘Briotii’
30-40’H x 30’W
Deciduous
A beautiful specimen with a dense, round crown, dark-pink blooms in late spring, and deep-green foliage.

REDPOINTE
Aesculus hippocastanum ‘Briotii’
25-30’H x 15-20’W
Deciduous
A great purple-leaved maple with a spreading, rounded crown. Beautiful scarlet coloration emerges in fall.

RED BUCKEYE
Aesculus
Deciduous
- BOTTLEBRUSH BUCKEYE
  8-12’H x 8-15’W
  White summer blooms; perfect for mass planting or specimen shrubs.
- RED BUCKEYE
  10-20’H x W
  Handsome and small with attractive deep-red flowers in spring.

RED HORSECHESTNUT
Aesculus carnea ‘Briotii’
30-40’H x 30’W
Deciduous
A beautiful specimen with a dense, round crown, dark-pink blooms in late spring, and deep-green foliage.

RED BUCKEYE
Aesculus
Deciduous
- BOTTLEBRUSH BUCKEYE
  8-12’H x 8-15’W
  White summer blooms; perfect for mass planting or specimen shrubs.
- RED BUCKEYE
  10-20’H x W
  Handsome and small with attractive deep-red flowers in spring.

RED BUCKEYE
Aesculus
Deciduous
- BOTTLEBRUSH BUCKEYE
  8-12’H x 8-15’W
  White summer blooms; perfect for mass planting or specimen shrubs.

  Handsome and small with attractive deep-red flowers in spring.
AZALEA

AZALEA
Azalea x Girard
3–4’H x W
Semi–Evergreen
An extremely hardy azalea with a profusion of blooms each spring and a mounding habit.

GIRARD AZALEA
Azalea x Girard
4–5’H x 3–4’W
Evergreen
Disease and heat-tolerant with many flushes of huge blooms.
- Red
- Lavender

POUKHANESE COMPACT AZALEA
Azalea yedoense
4’H x 5’W
Semi–Evergreen
An old-fashioned azalea with a dense habit and an abundance of lavender blooms in the spring.

POUKHANESE

EXBURY AZALEA
Azalea exbury
4’H x W
Deciduous
A very hardy selection with large, fragrant double blooms.
- Rosy Lights
- Gibraltar

BLOOM-A-THON AZALEA
Azalea
4–5’H 3–4’W
Evergreen

GIRARD AZALEA
BARBERRY
Berberis thunbergii
3-6'H x W
Deciduous
Excellent for small hedges, foundation plantings, or borders. Good sun exposure accentuates its color.

PILLAR BARBERRY
4'H x 2'W
An outstanding columnar habit adds instant drama in the garden.

DWARF BARBERRY
1-2'H x W
Very compact and colorful; no pruning required.

PILLAR BARBERRY
4'H x 2'W
An outstanding columnar habit adds instant drama in the garden.

DWARF BARBERRY
1-2'H x W
Very compact and colorful; no pruning required.

LACKING THE SPACE FOR A FULL-SIZED RIVER BIRCH?
TRY LITTLE KING, A DWARF RIVER BIRCH THAT MAXES OUT AT 10'H X 2'W.

RIVER BIRCH
Betula nigra
40'H x 30'W
Deciduous
A popular tree with attractive, peeling bark; tolerant of wet, low-lying areas.
- Heritage
- Dura Heat

LITTLE KING RIVER BIRCH
Betula nigra ‘Little King’
10'H x 2'W
Deciduous
A dwarf river birch that’s perfect for smaller gardens and compact spaces. Its exfoliating bark provides year-round interest.

HERITAGE

LITTLE KING

JACQUEMONT HIMALAYAN BIRCH
Betula utilis ‘Jacquemontii’
20-30'H x 10-20'W
Deciduous
The brightest white bark of any tree, with a graceful, open branched habit.

YOUNGII WEPPING BIRCH
Betula pendula ‘Youngii’
8-12'H x 15-20'W
Deciduous
An unusual accent tree with a graceful, weeping habit.

ROYAL FROST BIRCH
Betula x ‘Royal Frost’
40'H x 25'W
Deciduous
A glossy, burgundy leaf color and cinnamon-to-white, exfoliating bark put this birch in a class of its own.
BUXUS (BOXWOOD)

Buxus

Broadleaf Evergreen

One of the most popular evergreen shrubs for the landscape, featuring beautiful, dark-green foliage through the winter. Typically slow growing, it can be pruned at any time. We carry the most winter-tolerant varieties.

- Green Gem 2’H x W
- Green Mountain 5’H x 4’W
- Green Velvet 3-4’H x W
- Newport Blue 3-5’ H x W
- True Dwarf 1-2’H x W
- Winter Gem 4’H x W

UPRIGHT BOXWOOD

Buxus sempervirens

6-8’H x 1-2’W

Broadleaf Evergreen

Narrow, upright, and great for containers.

- Graham Blandy
- Dee Runk

VARIATED ENGLISH BOXWOOD

Buxus sempervirens ‘Variegata’

5-6’ H x W

Broadleaf Evergreen

This boxwood’s creamy-white variegation adds interest and color.

INTENSE WINTER SUN CAN SCORCH BOXWOOD, BRONZING THE FOLIAGE. SPRAY BOXWOOD WITH WILT-PRUF EVERY 6 WEEKS THROUGH THE WINTER TO KEEP IT LOOKING ITS BEST.
**CALLICARPA - CARYOPTERIS**

**BEAUTYBERRY**
Callicarpa
4-6 H x W
Deciduous
A vigorous shrub with year-round interest; lavender to white flowers in spring followed by lilac berries in fall and winter.
- Purple Pride 3-4 H x W
- Profusion 4-6 H x W

**CAROLINA ALLSPICE**
Calycanthus floridus
5-8 H x W
Deciduous
With burgundy, strawberry-scented flowers, this plant works well as a background for the perennial garden.
- Aphrodite

**HORNBEAM**
Carpinus betulus
30-40 H x 15 W
Deciduous
A charming, long-living, columnar street tree that’s great for use as a screen.
- Lucas
- Frans Fontaine

**CARYOPTERIS**
Caryopteris x clandonensis
2-4 H x W
Deciduous
A late-blooming, versatile mounding shrub with fragrant, purple blossoms.
- Blue Mist
- Dark Knight

**HORSTMANN BLUE ATLAS CEDAR**
Cedrus atlantica glauca ‘Horstmann’
12-15 H x 6-10 W
Evergreen
An icy-blue color and unusual form make this cedar a year-round show-stopper. Its smaller size is perfect for any landscape.
CEDRUS (CEDAR)

BLUE CASCADE ATLAS CEDAR
Cedrus atlantica ‘Blue Cascade’
8-12’ H x W
Evergreen
A weeping form with cascading branches.

COLUMNAR BLUE ATLAS CEDAR
Cedrus atlantica glauca fastigiata
20-30’ H x 8-12’ W
Evergreen
Fantastic color with a more slender footprint.

BLUE ATLAS CEDAR
Cedrus atlantica glauca
25-35’ H x 15-20’ W
Evergreen
One of the most popular evergreen conifers. Great color and character for the landscape.

REDBUD
Cercis canadensis
Deciduous
Valued for its timing; flowers appear before foliage to welcome spring.
- Little Woody 8-10’ H x W
- Whitebud 20-30’ H x W
- Oklahoma 15-20’ H x W

BURGUNDY HEARTS REDBUD
Cercis canadensis ‘Greswan’
20-25’ H x W
Deciduous
An improved variety of Forest Pansy. The new, red-purple growth holds its color better throughout the season.

WEEPING BLUE ATLAS KARL FUCHS HIMALAYAN
Karl Fuchs Himalayan Cedar
Cedrus deodara ‘Karl Fuchs’
25-30’ H x 15-20’ W
Evergreen
A pyramidal tree with graceful, pendulous branches. Yellow new growth darkens through summer.

GOLDEN HIMALAYAN CEDAR
Cedrus deodara ‘Aurea’
30’ H x 10’ W
Evergreen
A pyramidal tree with graceful, pendulous branches. Yellow new growth darkens through summer.

RUBY FALLS REDBUD
Cercis canadensis ‘Ruby Falls’
6-8’ H x 5-6’ W
Deciduous
Compact and weeping with large, burgundy, heart-shaped leaves. Lavender blooms cover graceful, weeping branches in early spring.
- Orange Storm
- Pink Storm

THE RISING SUN REDBUD
Cercis canadensis
12-15’ H x W
Deciduous

GOLDEN HIMALAYAN CEDAR
Cedrus deodara ‘Aurea’
30’ H x 10’ W
Evergreen
A pyramidal tree with graceful, pendulous branches. Yellow new growth darkens through summer.

WEEPING ALASKAN CEDAR
Chamaecyparis nootkatensis ‘Pendula’
30-40’ H x 15-18’ W
Evergreen
Blue-green with a drooping habit. More compact varieties include:
- Green Arrow 30’ H x 2-4’ W
- Van Den Akker 20’ H x 2-4’ W
FALSE CYPRESS
Chamaecyparis
Sun – Partial Shade
Evergreen
Though very slow-growing, the exotic, fern-like textures and rich colors of these trees make them a sought-after addition to the landscape. Its colors range from blue-green to lush-green to striking yellow-green.

CHAMAECYPARIS

Chamaecyparis obtusa ‘Nana Gracilis’
4-6'H x 4'W

Chamaecyparis obtusa ‘Confucius’
5-10'H x 4'W

Chamaecyparis obtusa ‘Melody’
6'H x 4'W

Chamaecyparis obtusa ‘Graciosa’
8-12'H x 5'W

Chamaecyparis obtusa ‘Fernspray Gold’
6-10'H x 5'W

Chamaecyparis obtusa ‘Nana Lutea’
4'H x 2'W

Chamaecyparis pisifera ‘Cyano Viridis’
8-12'H x 6-8'W

Chamaecyparis obtusa ‘Golden Mop’
6-8'H x 6-7'W

Chamaecyparis pisifera filera ‘Lemon Thread’
3-4'H x W

Chamaecyparis obtusa ‘Golden Dwarf’
8-12'H x 4'W
FLOWERING DOGWOOD
Cornus florida
20'H x W
Deciduous
A timeless, small spreading tree with lush spring blooms, followed by fiery color and red fruit in fall.
- Cherokee Brave (red blooms)
- Cherokee Chief (red blooms)
- Cherokee Princess (white blooms)
- Cloud Nine (white blooms)
- Pink

OTHER NOTABLE VARIETIES
We love their unique variegation and white blooms.

CHIONANTHUS - CORNUS

CHERRY PRINCESS FLOWERING DOGWOOD

FRINGETREE
Chionanthus virginicus
15-20'H x W
Deciduous
Striking, with an aromatic dome and clusters of fragrant, white blooms with yellow fall color.

SUMMERSWEET
Clethra alnifolia
Deciduous
Bushy and full, with a flood of fragrant flower spikes in summer.
- Hummingbird 3-4'H x W
- Vanilla Spice 3-5'H x W
- Ruby Spice 6-8'H x 4'W

SHRUB DOGWOOD
Cornus
4-6'H x W
Deciduous
Fast-growing and multi-stemmed with red winter stems.
- Garden Glow (a unique chartreuse)
- Ivory Halo (variegated foliage)
- Arctic Fire (compact, non-suckering)

KOUSA DOGWOOD
Cornus kousa chinensis
20'H x W
Deciduous
Sun and heat-tolerant, blooming after flowering dogwoods.
- Milky Way (white blooms)
- Venus (large white blooms)
- Stellar Pink
CORYLUS - DAPHNE

HARRY LAUDER’S WALKING STICK
Corylus avellana 'Contorta'
8-10'H x 6-8'W
Deciduous
A fantastic accent shrub with corkscrew-like branches that’s especially showy in winter.
- Red Majestic (burgundy foliage)

SMOKETREE
Cotinus coggygria
Deciduous
A great small tree with bold foliage and unique, smoky blooms.
- Golden Spirit 15'H x 10'W
- Royal Purple 15'H x 12'H

WINECRAFT BLACK SMOKETREE
Cotinus coggygria 'NCC01'
5-7'H x 4-6 W
Deciduous
Round leaves emerge a deep purple and darken to near-black. Soft, smoky blooms in early summer, followed by brilliant red and orange fall color.

ETERNAL FRAGRANCE
Deutzia gracilis 'Duncan'
2-3'H x W
Deciduous
A fragrant, early-blooming, compact shrub with pearl-like flower buds. Its vibrant, chartreuse foliage adds color to the landscape even when it’s not in bloom.
- Cranberry 3'H x 6'W
- Tom Thumb 1-2'H x 5'W
- Streib’s Findling 1-2'H x 3-6'W

BLUE ICE ARIZONA CYPRESS
Cupressus arizonica ‘Blue Ice’
20'H x 12'W
Evergreen
One of the nicest cultivars, with adaptable, soft-blue foliage. It likes the heat and tolerates dry conditions.
- Golden Spirit 15'H x 10'W
- Royal Purple 15'H x 12'H

CHARDONNAY PEARLS DEUTZIA
Deutzia gracilis ‘Duncan’
2-3'H x W
Deciduous
A fragrant, early-blooming, compact shrub with pearl-like flower buds. Its vibrant, chartreuse foliage adds color to the landscape even when it’s not in bloom.
- Cranberry 3'H x 6'W
- Tom Thumb 1-2'H x 5'W
- Streib’s Findling 1-2'H x 3-6'W
**FAGUS - FORSYTHIA**

**PURPLE BEECH**
*Fagus sylvatica*  
Deciduous  
Vibrant, purple foliage and a wide variation in cultivars for any landscape.  
- *Dawyck Purple* 40’H x 12’W  
- *Red Obelisk* 25-35’H x 8-10’W  
- *River’s Purple* 40-50’H x 20-30’W

**RED OBELISK FORSYTHIA**  
*Forsythia x intermedia*  
Deciduous  
An explosion of brilliant yellow color.  
- *Gold Tide* 2-4’H x 3-4’W  
- *Lynwood Gold* 8-10’H x 10-12’W  
- *Magical Gold* 5’H x 4’W  
- *Show Off* 4’H x W

**PURPLE WEEPING BEECH**  
*Fagus sylvatica* ‘Purpurea Pendula’  
Deciduous  
A unique specimen with a weeping habit and purple foliage.  
- *Purple Fountain* 20’H x 15’W

**TRICOLOR BEECH**  
*Fagus sylvatica* ‘Roseo-marginata’  
Deciduous  
This striking foliage is purple with irregular, pink-and-white edges, giving an overall pink effect.

---

**EUONYMUS**

**PURPLE BURNING BUSH EUONYMUS**  
*Euonymus alatus*  
Deciduous  
A popular foundation plant prized for its fiery-red fall color.  
- *Cole’s Compact* 6-8’H x W  
- *Dwarf* 6-8’H x W  
- *Little Moses* 3-4’H x W

**MANHATTAN EUONYMUS**  
*Euonymus kiautschovicius*  
Semi-Evergreen  
A handsome shrub for a neat, formal appearance; easily pruned and shaped.

**WINTERCREEPER EUONYMUS**  
*Euonymus fortunei*  
Semi-Evergreen  
Low-growing with colorful foliage.  
- *Ivory Jade*  
- *Moonshadow*  
- *Golden Prince*

**JAPANESE EUONYMUS**  
*Euonymus japonicus*  
Semi-Evergreen  
Colorful and upright, with dramatic foliage and bright variegation on some varieties.  
- *Chollipo*  
- *Golden*

**BURNING BUSH EUONYMUS**

**MAGICAL GOLD**

**MANHATTAN**

**GREEN SPIRE**

**FORSYTHIAS BLOOM ON OLD WOOD, SO MAKE SURE TO PRUNE THEM BACK IMMEDIATELY AFTER THEY FLOWER.**
GINKGO
Ginkgo biloba
Deciduous
A superb, slow-growing yard or street tree with distinctive, fan-shaped, green foliage that turns a bright, golden-yellow for fall. Its leaves drop all at once in the fall for easy cleanup.
- Autumn Gold 35-50’H x W
- Princeton Sentry 40-50’H x 20-25’W

DWARF GINKGO
Smaller varieties with the same distinctive foliage.
- Chi Chi 10’H x 6-8’W
- Jade Butterfly 12-15’H x 10’W
- Mariken 12-15’H x 10’W

GINKGO - HEPTACODIUM

FOTHERGILLA
Fothergilla
3-6’H x W
Deciduous
An elegant shrub with honey-scented spring blooms, beautiful summer foliage, and fiery fall color.
- Mount Airy
- Blue Shadow

BLUE SHADOW

HONEYLOCUST
Gleditsia triacanthos
Deciduous
These extremely-tough, fast-growing trees are tolerant of adverse soil and weather conditions.
- Shademaster 45’H x 35’W
- Sunburst 30-35’H x 30’W

PINNACLE

WHICH HAZEL
Hamamelis x intermedia
10-12’H x W
Deciduous
This early-bloomer is brightly colored in the midst of winter.
- Arnold Promise (yellow blooms)
- Diana (red blooms)
- Jelena (orange blooms)

DIANA

SEVEN-SON FLOWER
Heptacodium miconioides
15-20’H x 15’W
Deciduous
A large shrub or small tree that offers year-round interest. Soft-green leaves emerge in spring, maturing to a verdant green in summer. White blossoms appear in early fall, followed by brilliant, red fruit with fan-like bracts.

AUTUMN GOLD GINKGO

SEVEN-SON FLOWER
ROSE OF SHARON (ALTHEA)
Hibiscus syriacus
8-12'H x 4-6'W
Deciduous
A very rugged, nearly maintenance-free plant that thrives in poor growing conditions, featuring bright, tropical blooms from mid-summer until the first frost.

LIL’ KIM
3-4'H x W
A dwarf variety with beautiful blooms all summer that’s available in white, red, and violet.

ALSO AVAILABLE IN TREE FORM

COLOR YOUR LANDSCAPE WITH SHRUBS
FIVE WAYS TO KEEP THEM THRIVING

1. Feed them in late fall with a granular fertilizer like Family Tree Nursery General Purpose or Holly-Tone.
2. Give your sun shrubs at least 6 hours of direct sun each day.
3. Plant shade shrubs where they can get the filtered light they need to bloom; they do particularly well in eastern exposure, where they get a half-day of cooler sun.
4. Mulch 2-3 inches around shrubs to cool their roots and help them retain moisture.
5. Proper watering is key. Set a hose at the base of your plants and let it trickle for one hour each week during the growing season.

PRUNING
The trimming time frame is the biggest difference between the care of spring and summer flowering shrubs. Early bloomers like lilacs and forsythia need to be cut back immediately after blooming. These usually bloom on old wood, so cutting too late can considerably reduce next season’s blooms.

Summer blooming shrubs can be cut back in late fall or early spring. As a general rule, you can remove approximately one-third of the plant. Some shrubs, like butterfly bush and spirea, respond well to heavy pruning.

Dead limbs can be removed at any time and will visibly improve the appearance of your shrubs. Always use a sharp pair of pruners to make a clean cut when trimming.

Spring Flowering Shrubs
- Azalea
- Daphne
- Deutzia
- Forsythia
- Rhododendron
- Spirea
- Sweetspire
- Weigela

Summer Flowering Shrubs
- Butterfly Bush
- Caryopteris
- Potentilla
- Roses
- Rose of Sharon
- Summersweet

SMOOTHIE FUSION ALTHEA
You can alter the bloom color of some bigleaf hydrangea varieties by adjusting the soil’s pH. Adding aluminum sulfate to the soil will turn blooms blue; adding lime will change the blooms to pink.
HYDRANGEA

**HYDRANGEA - HYPERICUM**

**LITTLE QUICK FIRE HYDRANGEA**
Hydrangea paniculata 'SMHPLQF'
3-5'H x 3-5'W
A dwarf version of Quick Fire that blooms just as early. Its clean, white blooms turn reddish-pink with age and its compact size fits almost any location.

**LITTLE LIME HYDRANGEA**
Hydrangea paniculata 'Jane'
3-4'H x W
The big blooms of Limelight on a smaller, more compact plant.

**LIMELIGHT HYDRANGEA**
Hydrangea paniculata
6-8'H x W
Huge panicles of flowers emerge chartreuse and open to white before fading to dusty rose. Limelight makes an excellent hedge or accent plant, and is also grown in tree form.

**BOBO HYDRANGEA**
Hydrangea paniculata 'Ilvobo'
3'H x 3-4'W
A compact dwarf panicle hydrangea, Bobo blooms profusely from summer through frost. Enormous, creamy-white flowers become pinkish-red as they age, especially going into fall.

**QUICK FIRE HYDRANGEA**
Hydrangea paniculata 'Bulk'
6-7'H x 3-5'W
Clean, white blooms open in early summer and age to a deep, pinkish-red. This super-hardy hydrangea blooms on new wood and is great for cut or dried arrangements.

**STRAWBERRY SUNDAE HYDRANGEA**
Hydrangea paniculata 'Rensun'
4-5'H x 3-4'W
A compact panicle hydrangea, its long-lasting blooms open white and turn pink with age. The color changes from the base of the cluster, lending a unique, two-toned appearance.

**BOBO RUBY SLIPPERS**
Hydrangea quercifolia
3-4'H x 4-5'W
Deciduous
A superb dwarf hydrangea with white blooms that become a vibrant pink. Prune these hydrangeas after they flower.
- Alice 8-10'H x W
- Munchkin 3'H x 4'W
- Snow Queen 5-6'H x W
- Snow Flake 5-6'H x W

**LIMELIGHT HYDRANGEA**
Hydrangea paniculata
6-8'H x W
Huge panicles of flowers emerge chartreuse and open to white before fading to dusty rose. Limelight makes an excellent hedge or accent plant, and is also grown in tree form.

**ST. JOHN’S WORT**
Hypericum frondosum
2-3'H x 4'W
Deciduous
An excellent upright shrub, St. John’s Wort brightens the mid-summer landscape with bright-yellow flowers.
- Blue Velvet 4'H x W
- Sunburst 2-3'H x 4'W

**RUBY SLIPPERS OAKLEAF HYDRANGEA**
Hydrangea quercifolia
Deciduous
A fabulous shrub that can adapt to almost any environment. Large clusters of white flowers are held upright above dark-green, oakleaf-shaped foliage. In the fall, its flowers fade to a dusty-pink shade and the leaves become a brilliant crimson. Prune these hydrangeas after they flower.
- Alice 8-10'H x W
- Munchkin 3'H x 4'W
- Snow Queen 5-6'H x W
- Snow Flake 5-6'H x W

**RUBY SLIPPERS**
Hydrangea quercifolia
Deciduous
A fabulous shrub that can adapt to almost any environment. Large clusters of white flowers are held upright above dark-green, oakleaf-shaped foliage. In the fall, its flowers fade to a dusty-pink shade and the leaves become a brilliant crimson. Prune these hydrangeas after they flower.
- Alice 8-10'H x W
- Munchkin 3'H x 4'W
- Snow Queen 5-6'H x W
- Snow Flake 5-6'H x W

**SNOW QUEEN**
Hydrangea quercifolia
Deciduous
A superb dwarf hydrangea with white blooms that become a vibrant pink. Prune these hydrangeas after they flower.
- Alice 8-10'H x W
- Munchkin 3'H x 4'W
- Snow Queen 5-6'H x W
- Snow Flake 5-6'H x W
**ILEX (HOLLY)**

**INKBERRY HOLLY**
*Ilex glabra*
3-5’H x W
Broadleaf Evergreen
Compact, with shiny, dark-green leaves; great for foundation plantings.
- Gembox
- Shamrock

**BLUE COMBO HOLL Y**
*Ilex × meserveae*
5-10’H x 5-10’W
Broadleaf Evergreen
Pairing a male and female in the same pot guarantees bright berries. With excellent heat tolerance, its dense branching habit takes shearing well.

**HONEY MAID HOLL Y**
*Ilex × meserveae*
4-10’H x 3-5’W
Broadleaf Evergreen
A fantastic, variegated holly with consistent coloration.

**WINTERBERRY HOLL Y**
*Ilex verticillata*
12’H x 5’W
Deciduous
A profusion of bright-red berries combined with dense, dark-green foliage.
- Berry Poppins

**UPRIGHT HOLL Y**
*Ilex × meserveae*
Broadleaf Evergreen
A strong, pyramidal habit, deep-green foliage, and bright-red berries on pollinated female varieties that persist into spring. This holly is great for foundation plantings, screening, or as an upright accent in the landscape.
- Centennial Girl 12’H x 5’W
- Dragon Lady 15’H x 4’W
- Castle Wall (Male) 5-8’H x 3-4’W
- Castle Spire (Female) 5-8’H x 3-4’W

**LITTLE RASCAL HOLLY**
*Ilex × meserveae ‘Mondo’*
Male varieties (no berries)
2-3’H x W
Evergreen
An extremely cold-hardy shrub that requires little to no maintenance. Little Rascal’s dense, compact form fits nicely into the landscape and its glossy, deep-green foliage contrasts well with other plants.

**SCALLYWAG HOLL Y**
*Ilex × meserveae ‘Monnieves’*
4-5’H x W
A sport of Little Rascal that’s larger in size, but with a more upright habit.
LITTLE HENRY SWEETSPIRE
Itea virginica ‘Sprich’
3-4’ H X W
Deciduous
A fabulous dwarf shrub for any spot in the landscape, its fragrant, bottle-brush flowers and garnet fall color add year-round interest to this award-winning plant.

HENRY’S GARNET
Itea virginica
5-6’ H x W
Little Henry’s big brother.

JUNIPER
Juniperus
Sun
Evergreen
A large family of evergreen conifers with different growth habits, foliage color and needle types. They’re drought-tolerant once established, and very adaptable to a wide range of soil, wind, and water conditions.

JUNIPERUS (JUNIPER)
Juniperus chinensis ‘Saybrook Gold’
4-5’ H x 6’ W

Juniperus chinensis ‘Spartan’
15’ H x 5-6’ W

Juniperus chinensis ‘Perfecta’
12-15’ H x 5-8’ W

Juniperus chinensis ‘Sea Green’
4-6’ H x W

Juniperus chinensis ‘Daub’s Frosted’
1-2’ H x 5-6’ W
A GUIDE TO CORRECT PLANTING

FOUR SIMPLE STEPS FOR HAPPY, HEALTHY PLANTS

1. Dig the hole about twice as wide and slightly deeper than the container or root ball.

2. In a 1:1 ratio, mix the existing soil with compost. Place enough of the mixture in the planting hole to raise the top of the root ball to ground level or slightly higher. Use the soil mixture to fill in around the root ball, pressing down to eliminate air pockets. When planting a tree with a burlap-wrapped root ball, untie and remove all twine or wire before unwrapping the burlap. Push the burlap to the bottom of the hole and backfill around the root ball with the soil and compost mixture.

3. Water the plant thoroughly at its base with a hose set to a pencil-sized trickle. Smaller plants should be watered for 30 minutes each, while larger trees and shrubs will need 1-2 hours of continuous watering. Repeat the watering process once every 7-10 days in the growing season and once a month on warmer days in the winter.

4. We recommend applying root stimulator once a month from April through October on any new plantings. Slow release fertilizer, such as Family Tree General Purpose or Holly-Tone should be applied each year in the spring and fall.

PLANTING HOW-TO

AMENDING THE SOIL

Amending is critical for heavy clay soil. Use a shovel to turn soil for a single plant, or a rototiller for an entire bed. We recommend amending in a ratio of equal parts compost and soil from the hole. ALWAYS MARK UTILITIES BEFORE DIGGING.

WATERING PROPERLY

The key to healthy root growth is to water deeply and less often. Always water well after planting and give new plants an inch of water every 7-10 days. Using a hose at the base for a slow soak is best for large trees and shrubs. Use a rain gauge to track how much water your plants actually receive.

MULCHING WELL

Proper mulching doesn’t just look good; it cools roots, stops weeds, and retains moisture. The secret lies in using just the right amount. You need at least 2 inches for any benefit, but over-mulching can hold in too much moisture and cause rot. Mulching 2-3 inches deep around plants is ideal.
**Juniperus (Juniper)**

- *Juniperus virginiana ‘Greguard’*
  - 2-3’ H x 3-5’ W

- *Juniperus virginiana ‘Canaerti’*
  - 20-30’ H x 15-20’ W

- *Juniperus virginiana ‘Taylor’*
  - 20-30’ H x 2-3’ W

- *Juniperus squamata ‘Blue Star’*
  - 2’ H x 3’ W

**PESKY EVERGREEN PROBLEMS**

**NEEDLE DROP**

Brown needles can be worrisome, but most evergreens typically lose needles every few years. If the shedding is isolated to the interior of the tree, all is well. Brown outer needles, however, can be a sign of environmental distress.

**BAGWORMS**

Bagworms are caterpillars that encase themselves in a protective bag as they feed on evergreens, especially juniper and arborvitae. Hand-pick the bags as they appear, and spray with an insecticide in June.

**SNOW & ICE**

Heavy snow and ice can be detrimental to many evergreens. While crazy weather can’t be avoided, proper pruning, consistent watering, and timely removal can alleviate potential problems.

**SNOW & ICE**

**GOLDEN RAINTREE**

*Koelreuteria paniculata*

- 20-30’ H x W

*Deciduous*

This tough shade tree with a tidy habit and a well-behaved root system is popular for its long panicles of fragrant, yellow flowers in the early summer.

**GOLDEN CHAIN TREE**

*Laburnum watereri ‘Vossii’*

- 20’ H x 15’ W

*Deciduous*

An attractive lawn tree with long, pendulous clusters of fragrant, yellow flowers in the summer.

**MINUET MOUNTAIN LAUREL**

*Kalmia latifolia*

- 3’ H x W

*Evergreen*

Striking spring color and glossy foliage with pink buds that open to maroon-banded flowers.

**JAPANESE ROSE KERRIA**

*Kerria japonica pleniflora*

- 3-6’ H x W

*Deciduous*

A tough, graceful, arching shrub with pom-poms of yellow flowers in the spring.

**MINUET MOUNTAIN LAUREL**

**JAPANESE ROSE KERRIA**
CrapeMyrtle
Lagerstroemia indica
5-12’ H x 4-5’ W
Deciduous
An eye-catching shrub that thrives in summer heat and is late to emerge in spring. CrapeMyrtle flowers from summer to fall in pink, red, purple, and white.

Princess Series
A heavy-blooming and cold-tolerant dwarf series.
- Princess Holly Ann 4-5’ H x W
- Princess Kylie 2-3’ H x W
- Princess Lyla 1-2’ H x W
- Princess Jaden 1-2’ H x W

Dwarf Varieties
1-2’ H x W
The perfect dwarf CrapeMyrtle to fit in any spot.

Princess Series
- Princess Holly Ann
- Princess Kylie
- Princess Lyla
- Princess Jaden

Larix - Liriodendron
Larix decidua pendula
8-10’ H x W
Deciduous
This unique, deciduous conifer creates a striking focal point in the landscape.

Rainbow Leucothoe
Leucothoe fontanesiana
3-5’ H x W
Broadleaf Evergreen
Gracefully-arching, eye-catching, red stems with mottled, colorful leaves of white, green, and red.

Privet
Ligustrum vulgare
Semi-Evergreen
An excellent upright shrub that’s great for hedges.
- Golden Vicary 8-10’ H x W
- Lodense 4’ H x W
- Sunshine 4.5’ H x W

Tulip Tree
Liriodendron tulipifera
50’ H x 30’ W
Deciduous
A large, beautiful garden tree with unique, bluish-green leaves and spectacular tulip-shaped, yellow flowers.
BRACKEN’S BROWN BEAUTY MAGNOLIA
Magnolia grandiflora
30–50’ H x 20’ W
Broadleaf Evergreen
A dense flowering tree with enormous, creamy flowers that are exotically fragrant; its leathery foliage is dark green on top and brown underneath.

MAGNOLIA
BUTTERFLIES MAGNOLIA
Magnolia acuminata
15–20’ H x 8–18’ W
Deciduous
Considered to be one of the best of all yellow magnolias, these blooms are held upright like butterflies upon the branches.

ROYAL STAR MAGNOLIA
Magnolia stellata
8–12’ H x 8–10’ W
Deciduous
A small, multi-trunked tree with large, fragrant, double-white flowers that appear before the foliage.

SWEET BAY MAGNOLIA
Magnolia virginiana
15–20’ H x 12–15’ W
Semi-Evergreen
A small, graceful tree with creamy-white, lemon-scented flowers.
- Green Shadow
- Moonglow

JANE MAGNOLIA
Magnolia x ‘Jane’
10–15’ H x 10’ W
Deciduous
A striking, multi-trunked magnolia that’s perfect for colder climates.

SAUCER MAGNOLIA
Magnolia soulangeana
20–25’ H x W
Deciduous
A beautiful lawn tree with huge, saucer-shaped blooms.

MOONGLOW

GREEN SHADOW
ROYAL RAINDROPS
CRABAPPLE
Malus x JFS-KW5
20'H X 15'W
Deciduous
One of the most popular flowering crabapples, its bright-pink flowers pop against burgundy foliage.

ORNAMENTAL CRABAPPLE
Malus
A beautiful ornamental tree with a profusion of spring blooms, followed by bright-red fruit later in the season.
- Lollipop 10'H x W
- Sargent Tina 5'H x 6'W
- Sugar Tyme 14-18'H x 10-15'W

DAWN REDWOOD
Metasequoia glyptostroboides
70'H x 25'W
Deciduous
A fast-growing, deciduous conifer with a narrow form and bright-green foliage.
- Gold Rush 50'H x 20'W (smaller with golden foliage)
- Miss Grace 10'H x 5'W (dwarf variety)

SIBERIAN CYPRESS
Microbiota decussata
18'H x 6'W
Evergreen
A great evergreen spreader for shade with bright-green, feathery foliage.
- Drew's Blue (blue-green foliage)

PRUNING TIPS

WHEN SHOULD I PRUNE?
- Late winter is the best time for pruning, when trees are dormant.
- Early-blooming trees and shrubs should be pruned soon after flowering.
- Evergreens can be pruned at any time throughout the season.
- Avoid heavy pruning in the hottest parts of summer to protect your plants from undue stress.

WHY SHOULD I PRUNE?
- To remove dead or dying branches injured by disease, animals, storms, or other damage.
- To keep shrubs well-proportioned, or to maintain a desired form, such as a hedge or tree.
- To remove weak or unwanted branches, suckers, or narrow-angled tree branches that overhang homes, parking areas, and sidewalks.

Proper pruning is important for maintaining healthy, attractive plants. When plants are pruned well, it’s difficult to notice that they’ve been pruned at all. Avoid shearing plants too severely; for most landscapes, a plant’s natural form is best. The right tool will make the job easier; a good, sharp pair of pruners, lopping shears, and a high-quality hand saw will make pruning a breeze.
NANDINA
(HEAVENLY BAMBOO)
Nandina domestica
Semi-Evergreen
Exceptionally-colored, bamboo-like foliage makes this shrub a standout. Use it en masse in the landscape for great color and texture.

- Firepower 2’H x W
- Tuscan Flame 3.4’H x W

WILDFIRE BLACK GUM
Nyssa sylvatica ‘Wildfire’
30-40’H x 20-30’W
Deciduous
An excellent street tree with unmatched fall color and red new growth.

- Firepower 2’H x W

PERSIAN IRONWOOD
Parrotia persica
25-30’H x 20-25’W
Deciduous
A perfect lawn tree with fabulous fall color and mottled, peeling bark.

- Vanessa 20’H x 14’W

NYSSA - PHYSOCARPUS

MOCKORANGE
Philadephus virginialis
Deciduous
An incredibly tough shrub prized for its very fragrant, white double blooms.

- Miniature Snowflake 2-3’H x 1.2’W
- Minnesota Snowflake 6-9’H x 4-6’W

NINEBARK
Physocarpus opulifolius
Deciduous
Vigorous, with unique foliage and attractive, peeling bark.

- Centerglow 6-10’H x 5-6’W
- Amber Jubilee 5-6’H x 5’W
- Little Devil 4’H x W
- Summer Wine 4-6’H x W

MINNESOTA SNOWFLAKE

CENTER GLOW

WILDFIRE
PICEA (SPRUCE)

NORWAY SPRUCE
Picea abies
40-60'H x 20-30'W
Evergreen
Dense and dark, with a pyramidal habit and graceful branching.

LITTLE GEM NORWAY SPRUCE
Picea abies ‘Little Gem’
1-2'H x W
Evergreen
A compact spruce with a tight, dense habit that’s great for any landscape.

NEST SPRUCE
Picea abies ‘Nidiformis’
3-5'H x 4-6 W
Evergreen
Versatile and spreading, with bright-green foliage and a layered form.

DWARF ALBERTA SPRUCE
Picea glauca conica
6-8'H x 4-5' W
Evergreen
A dense, slow-growing cone shape.
- Jean’s Dilly 3'H x 1'W

DWARF ALBERTA SPRUCE
Picea glauca conica
6-8'H x 4-5' W
Evergreen
A dense, slow-growing cone shape.
- Jean’s Dilly 3'H x 1'W

DWARF ALBERTA SPRUCE
Picea glauca conica
6-8'H x 4-5' W
Evergreen
A dense, slow-growing cone shape.
- Jean’s Dilly 3'H x 1'W

NEST SPRUCE
Picea abies ‘Nidiformis’
3-5'H x 4-6'W
Evergreen
Versatile and spreading, with bright-green foliage and a layered form.

RIVERSIDE SERBIAN SPRUCE
Picea omorika ‘Riverside’
25'H x 6-10' W
Evergreen
A narrow, conical Serbian with the same silver markings on the needles.

BRUNS SERBIAN SPRUCE
Picea omorika ‘Bruns’
30-35'H x 6-10' W
Evergreen
Graceful branching and silver-banded needles on a narrow tree.

DWARF SERBIAN SPRUCE
Picea omorika ‘Nana’
4-6'H x 5' W
Evergreen
A more compact Serbian with a very narrow, spire-like form; a great focal point.

DWARF SERBIAN SPRUCE
Picea omorika ‘Nana’
4-6'H x 5' W
Evergreen
A more compact Serbian with the same silver markings on the needles.

CUPRESSINA SPRUCE
Picea abies ‘Cupressina’
25-30'H x 6-8' W
Evergreen
A tight, branching habit with short, dark-green needles.

WEEPING NORTHERN SPRUCE
Picea abies pendula
4-6'H (25' if staked) x 10' W
Evergreen
Its irregularly-shaped form varies depending on its early training.

NORWAY SPRUCE
Picea abies
40-60'H x 20-30'W
Evergreen
Dense and dark, with a pyramidal habit and graceful branching.

LITTLE GEM NORWAY SPRUCE
Picea abies ‘Little Gem’
1-2'H x W
Evergreen
A compact spruce with a tight, dense habit that’s great for any landscape.

NEST SPRUCE
Picea abies ‘Nidiformis’
3-5'H x 4-6 W
Evergreen
Versatile and spreading, with bright-green foliage and a layered form.

DWARF ALBERTA SPRUCE
Picea glauca conica
6-8'H x 4-5' W
Evergreen
A dense, slow-growing cone shape.
- Jean’s Dilly 3'H x 1'W

DWARF ALBERTA SPRUCE
Picea glauca conica
6-8'H x 4-5' W
Evergreen
A dense, slow-growing cone shape.
- Jean’s Dilly 3'H x 1'W

DWARF ALBERTA SPRUCE
Picea glauca conica
6-8'H x 4-5' W
Evergreen
A dense, slow-growing cone shape.
- Jean’s Dilly 3'H x 1'W

NEST SPRUCE
Picea abies ‘Nidiformis’
3-5'H x 4-6'W
Evergreen
Versatile and spreading, with bright-green foliage and a layered form.

RIVERSIDE SERBIAN SPRUCE
Picea omorika ‘Riverside’
25'H x 6-10' W
Evergreen
A narrow, conical Serbian with the same silver markings on the needles.

BRUNS SERBIAN SPRUCE
Picea omorika ‘Bruns’
30-35'H x 6-10' W
Evergreen
Graceful branching and silver-banded needles on a narrow tree.
THE BLUES WEEPING SPRUCE

*Picea pungens ‘The Blues’*

5-7'H x W

*Evergreen*

Unique, with an irregular form and steel-blue needles on weeping branches.

---

SKYLANDS ORIENTAL SPRUCE

*Picea orientalis ‘Skylands’*

35'H x 10-12'W

*Evergreen*

A slow-growing spruce with chartreuse needles that turn to gold for year-round color.

---

PROCUMBENS BLUE SPRUCE

*Picea pungens ‘Procumbens’*

1-2'H x 5-8 W

*Evergreen*

Naturally prostrate with silvery-blue needles, it responds well to training.

---

ST. MARY’S BROOM SPRUCE

*Picea pungens ‘St. Mary’s Broom’*

1-2'H x 3-5'W

*Evergreen*

Slow-growing with a mounding habit, minus the tendency to grow leaders.

---

BLUE GLOBE SPRUCE

*Picea pungens ‘Globosa’*

3-5'H x 3-6'W

*Evergreen*

With stiff, light-blue needles and a dense form, Blue Globe can be bought as standard, meaning it’s been grafted into tree form.

---

THE BLUES WEEPING SPRUCE

*Picea pungens ‘The Blues’*

5-7'H x W

*Evergreen*

Unique, with an irregular form and steel-blue needles on weeping branches.

---

BABY BLUE EYES COLORADO SPRUCE

*Picea pungens ‘Baby Blue Eyes’*

12-15'H x 8-10'W

*Deciduous*

A bright-blue, dwarf Colorado spruce with a pyramidal habit.

---

UPRIGHT SPRUCE

- Baby Blue Spruce 30'H x 15'W (fast-growing)
- Blue Totem 12'H x 2-4'W (very narrow habit)
- Continental 20-30'H x 15'W (one of the best)
- Fat Albert 10-15'H x 10-12'W (superb conifer)
- Hoopsii 30-32'H x 15-18'W (bluest of all)
PIERIS - POTENTILLA

PIERIS
Pieris japonica
Broadleaf Evergreen
Prefers well-amended soil for its red new growth and white spring blooms.
- Flaming Silver 4-5'H x 3-5'W
- Mountain Fire 5-6'H x 3-4'W
- Cavatine 2'H x 3'W

POTENTILLA
Potentilla fruticosa
2-3'H x W
Deciduous
A fast-growing western native with a narrow, pyramidal form and stunning fall color.
- Frosty
- Pink

MOUNTAIN FIRE

QUAKING ASPEN
Populus tremuloides
20-30'H x 12-15'W
Deciduous
A fast-growing western native with a narrow, pyramidal form and stunning fall color.
- Flaming Silver
- Mountain Fire
- Cavatine

SUNSET POTENTILLA

QUAKING ASPEN

VANDERWOLF PINE
Pinus flexilis ‘Vanderwolf’
25-30'H x 10-15'W
Evergreen
A beautiful, pyramidal evergreen with long needles and excellent disease and pest resistance.
- Frosty
- Pink

MUGO PINE
Pinus mugo
2-3'H x 3-4'W
Evergreen
A true dwarf that keeps a dense, rounded shape without shearing.
- Mops
- Pumilio

BLUE SHAG WHITE PINE
Pinus strobus ‘Blue Shag’
4-6'H x W
Evergreen
A soft-needled, compact shrub; its size, color, and texture make it an outstanding landscape choice.

LIGHTEN UP

Looking to add color and texture to a shady landscape? Use foliage! With unique color and variegation, these plants are guaranteed to brighten up a shady garden.

VAREGATED GEM AZALEA
VAREGATED BOXWOOD
CAROL MACKIE DAPHNE
GARDEN GLOW DOGWOOD
IVORY HALO DOGWOOD
BLACK MONDO GRASS
JAPANESE FOREST GRASS
HEUCHERA
HOSTA
LEMON DADDY HYDRANGEA
RAINBOW LECOTHOE
JAPANESE MAPLE
PIERIS
TIGER EYE SUMAC

EASTERN WHITE PINE
Pinus strobus
60'H x 30'W
Evergreen
A beautiful landscape pine with long, soft, blue-green needles and large cones.
- Stowes Pillar 25'H x 6-8'W

COLUMNAR WHITE PINE
Pinus strobus fastigiata
30-35'H x 10-15'W
Evergreen
A great plant that combines fast growth and a narrow, columnar habit.
- Stowes Pillar 25'H x 6-8'W
- Niagara Falls 6-8'H x W

WEPPING WHITE PINE
Pinus strobus ‘Pendula’
10-20'H x W
Evergreen
Soft, gray-green branches weep to the ground on this unique white pine.
- Niagara Falls 6-8'H x W

LOW MAINTENANCE

FINE LANDSCAPE GRASS
SUNSET GRASS
OLD MAN’S BEARD
LIMESTONE HEAVEN
TILE ROCK GRASS

PINUS (PINE)

VANDERWOLF

MOPS

BLUE SHAG
PRUNUS

**PURPLE LEAF PLUM**
Prunus x cistena
6-8’H x W
Deciduous
This ornamental shrub is popular for its burgundy foliage and pale-pink spring blooms.

**CHERRY LAUREL**
Prunus laurocerasus
Broadleaf Evergreen
A large, spreading shrub with glossy leaves and fragrant, white flowers.
- Otto Luyken 3.4’H x 6’W
- Schipkaensis (Skip Laurel) 6-10’H x 6-8’W

**FLOWERING CHERRY**
Prunus serrulata
30’H x 20’W
Deciduous
A large, flowering cherry with vibrant, light pink to white blooms that cover the whole tree.
- Kwanzan
- Royal Burgundy

**CANADA RED CHERRY**
Prunus virginiana ‘Shubert’
20-25’H x 16-20’W
Deciduous
A hardy native with attractive, white flowers and new growth that emerges green before turning purple.

**WEPPING CHERRY**
Prunus x subhirtella
8-10’H x 10-12’W
Deciduous
A beautiful ornamental yard tree with a weeping habit and fragrant, white blossoms in early spring.

**DOUBLE PINK WEEPING CHERRY**
Prunus subhirtella pendula plena rosea
15-20’H x W
A graceful, arching tree with pink blooms in spring.

**SNOW FOUNTAIN WEEPING CHERRY**
**QUERCUS**

**SWAMP WHITE OAK**
*Quercus bicolor*
- **Height:** 50-60’H x 40-50’W
- **Deciduous**
- A beautiful shade tree with peeling, two-toned bark on younger stems and branches. Gorgeous, orange-gold color in the fall.

**PIN OAK**
*Quercus palustris*
- **Height:** 50-60’H x 20-40’W
- **Deciduous**
- A great street tree with an oval, pyramidal form, a uniform-growth habit, and shiny, dark-green foliage.

**NORTHERN RED OAK**
*Quercus rubra*
- **Height:** 60-80’H x 35-40’W
- **Deciduous**
- A midwest native with lustrous, dark-green leaves and excellent, red fall color; perfect for a street tree.

**BUR OAK**
*Quercus macrocarpa*
- **Height:** 60-70’H x 60’W
- **Deciduous**
- Tolerant of a wide range of soil types and air pollutants, this tree was voted 2001 Urban Tree of the Year and Great Plants for the Great Plains 2004.

**CRIMSON SPIRE ENGLISH OAK**
*Quercus robur x alba ‘Crimschmidt’*
- **Height:** 45’H x 15’W
- **Deciduous**
- A tight, columnar shape and great red color in fall.

**CRIMSON SPIRE**
**PIN OAK**

**NORTHERN RED OAK**

**BUR OAK**

**FINE LINE BUCKTHORN**
*Rhamnus frangula ‘Ron Williams’*
- **Height:** 5-7’H x 2-3’W
- **Deciduous**
- Fine Line is unique for its fantastic, fern-like foliage, golden fall color, and narrow upright habit. Use it to create narrow hedges or screens, or as an accent specimen in beds or containers.
RHODODENDRON

Rhododendron
4-6’ H x W
Broadleaf Evergreen

A dense-growing evergreen shrub valued for its large trusses of showy flowers. Rhododendrons prefer acidic, well-drained soil in morning sun and afternoon shade.

- The General (red blooms)
- Edith Bosley (deep purple blooms)
- Goldflimmer (lavender blooms)
- Henrietta Sargent (magenta blooms)
- Minnetonka (light purple blooms)
- Purple Gem (violet blooms)
- Ramapo (purple blooms)
- Percy Wiseman (peach blooms)
- White Catawba (white blooms)
- Nova Zembla (red blooms)

CAPISTRANO

Rhododendron ‘Capistrano’
3-5’ H x 5-6’ W
Evergreen

Compact with butter-yellow flowers, Capistrano is the hardiest yellow rhododendron.

IMPEDITUM

Rhododendron ‘Impeditum’
1-2’ H x W
Evergreen

A dwarf cultivar with a tight and compact form.

PJM

Rhododendron ‘PJM’
3-5’ H x 5-6’ W
Evergreen

A durable variety that performs well, even in warmer climates.

TIGER EYES SUMAC

Rhus typhina ‘Bailtiger’
6-8’ H x W
Deciduous

This vivid, chartreuse foliage looks fabulous paired with dark-foliaged plants like barberry. Tiger Eyes grows well in almost any situation, but will become greener in the shade.

GRO-LOW FRAGRANT SUMAC

Rhus aromatica ‘Gro-Low’
2-3’ H x 6-8’ W

A tough, spreading groundcover with fragrant leaves and excellent fall color.
**ROSE CARE**

**FOR THE BEST BLOOMS**

**PICK THE RIGHT SPOT**

All roses require **full sun, adequate air circulation and well-amended soil.**

Adding equal parts compost to the existing soil will help break up heavy clay. While roses can be grown in less sun, blooming and overall health will suffer significantly.

**WATER CORRECTLY**

Roses require about **an inch of water per week during the growing season.**

Overhead watering, especially late in the day, can cause fungal problems; a soaker hose at the base is a good option.

**FALL CLEANUP AND OVERWINTERING**

**GRAFTED ROSES**

The lump at the base of the rose is the graft. Two roses are grafted together at the bud union; a desirable, less hardy rose is grafted to a tougher root stock. This graft must be protected during freezing temperatures to ensure the desirable rose overwinters.

Use mulch to insulate the graft; a rose collar is helpful to keep the mulch in place.

**NON-GRAFTED ROSES**

Trim the rose to the body of the plant (roughly 2 feet tall). Use mulch to insulate the roots once the ground freezes. Wait until early spring to cut the entire plant down to about 6-12 inches.

**TREE ROSES**

The graft is at the top of the trunk, so bring it into a garage to overwinter.

For all roses, **remember to water them periodically throughout the winter, especially if snowfall is less than usual, or if we encounter a temperature spike or mild, windy days.**

**WE ONLY CARRY EVER-BLOOMING ROSES, MEANING THEY BLOOM ALL SUMMER.**

**HYBRID TEA**

The traditional, cut-flower rose with long, single stems.

**FLORIBUNDA**

A smaller plant with more prolific clusters of flowers.

**GRANDIFLORA**

A cross with the long stems of a hybrid tea and the prolific flowering of floribunda.

**MINIATURE**

An extremely hardy rose with smaller flowers on a more compact plant.

**DRIFT**

An extremely tough, compact cross between groundcover and miniature varieties.

**CLIMBING**

While not actual climbers, their long canes can be attached to a fence or trellis.

**KNOCK OUT SHRUB ROSE**

*Rosa*

3-5’H x W

Deciduous

The Knock Out varieties are currently the most popular group of roses, known for their disease resistance and prolific blooms.

- Double Knock Out
- Pink Double
- Sunny

**SHRUB ROSES ARE TYPICALLY CAREFREE, NON-GRAFTED VARIETIES, MEANING THEY’RE ON THEIR OWN ROOTSTOCK, MAKING THEM HARDIER AND EASIER TO GROW.**
SNOWMOUND SPIREA  
*Spiraea japonica ‘Nipponica’*  
3’H x W  
Deciduous  
Graceful, arching branches display a profusion of white flowers, making it a great hedge or accent plant.

SNOWMOUND SPIRAEA (SPIREA) SALIX (WILLOW) - SAMBUCUS

DOUBLE PLAY SPIREAS WILL BLOOM OFF AND ON ALL SUMMER, ESPECIALLY IF OLD FLOWERS ARE SHEARED BACK AFTER BLOOMING.

---

WEEPING PUSSY WILLOW  
*Salix caprea pendula*  
6-10’H x W  
Deciduous  
Tolerant of wet locations, the weeping pussy willow is a versatile and unique accent plant with silvery-gray catkins in spring.

DAPPLED WILLOW  
*Salix integra ‘Hakuro Nishiki’*  
10-12’H x W  
Deciduous  
A striking shrub that’s tolerant of wet locations and features graceful, semi-weeping branches and attractive, variegated foliage in white and pink.

DWARF BLUE ARCTIC WILLOW  
*Salix purpurea ‘Nana’*  
3-4’H x 3-6’W  
Deciduous  
An attractive and hardy shrub with a blue-green, fern-like texture that’s tolerant of wet locations.

DOUBLE PLAY SPIREA  
*Spiraea japonica*  
Deciduous  
Compact with uniquely-hued foliage.  
- Artisan 2-3’H x W  
- Big Bang 2-3’H x W  
- Gold 18-24’H x W  
- Candy Corn 18-24’H x W

MAGIC CARPET SPIREA  
*Spiraea japonica ‘Walbuma’*  
1-2’H x W  
Deciduous  
An award-winning shrub that offers vibrant, gold spring foliage, summer-long flower color, and lovely fall color.

DOUBLE PLAY CANDY CORN  
DWARF BLUE ARCTIC WILLOW  
*Salix purpurea ‘Nana’*  
3-4’H x 3-6’W  
Deciduous  
An attractive and hardy shrub with a blue-green, fern-like texture that’s tolerant of wet locations.

GOLD THREAD SPIREA  
*Spiraea thunbergii ‘Ogon’*  
3-5’H x W  
Deciduous  
Its feathery foliage emerges gold and gradually changes to bright green; clusters of white flowers appear in early spring.

MAGIC CARPET SPIREA  
*Spiraea japonica ‘Walbuma’*  
1-2’H x W  
Deciduous  
An award-winning shrub that offers vibrant, gold spring foliage, summer-long flower color, and lovely fall color.

MAGIC CARPET  
*DWARF BLUE ARCTIC WILLOW*  
*Salix purpurea ‘Nana’*  
3-4’H x 3-6’W  
Deciduous  
An attractive and hardy shrub with a blue-green, fern-like texture that’s tolerant of wet locations.

WISCONSIN WEEPING  
*Salix x blanda*  
40’H x W  
Deciduous  
This hardy, spreading tree with weeping, green foliage is tolerant of wet locations.  
- Prairie Cascade 35-45’H x 35-40’W

BLACK LACE ELDERBERRY  
*Sambucus nigra ‘Eva’*  
6-8’H x W  
Deciduous  
Finely-cut, dark-purple foliage with lacy, white blooms makes it an excellent accent plant.  
- Lemony Lace 3-5’H x W

WISCONSIN WEEPING  
*Salix x blanda*  
40’H x W  
Deciduous  
This hardy, spreading tree with weeping, green foliage is tolerant of wet locations.  
- Prairie Cascade 35-45’H x 35-40’W

SNOWMOUND SPIREA  
*Spiraea japonica ‘Nipponica’*  
3-5’H x W  
Deciduous  
Graceful, arching branches display a profusion of white flowers, making it a great hedge or accent plant.

RENAISSANCE SPIREA  
*Spiraea x vanhouttei ‘Renaissance’*  
5-7’H x 6-8’W  
Deciduous  
An improved Bridal Wreath cultivar with arching displays of snow-white flowers.

GOLD THREAD  
*GOLD THREAD SPIREA*  
*Spiraea thunbergii ‘Ogon’*  
3-5’H x W  
Deciduous  
Its feathery foliage emerges gold and gradually changes to bright green; clusters of white flowers appear in early spring.

MAGIC CARPET  
*DWARF BLUE ARCTIC WILLOW*  
*Salix purpurea ‘Nana’*  
3-4’H x 3-6’W  
Deciduous  
An attractive and hardy shrub with a blue-green, fern-like texture that’s tolerant of wet locations.

RENAISSANCE  
*RENAISSANCE SPIREA*  
*Spiraea x vanhouttei ‘Renaissance’*  
5-7’H x 6-8’W  
Deciduous  
An improved Bridal Wreath cultivar with arching displays of snow-white flowers.
IVORY SILK JAPANESE LILAC TREE
Syringa reticulata ‘Ivory Silk’
15-20’ H x 15’ W
Deciduous
An attractive, flowering tree with cherry-like bark and large, very fragrant, creamy-white flower clusters in summer.

BLOOMERANG DWARF LILAC
Syringa x pendu
4-5’ H x 3-5’ W
Deciduous
Clusters of fragrant, lavender flowers blanket this shrub in spring; smaller waves of color continue intermittently until the first frost.

OTHER DWARF LILACS
Fragrant flower clusters cover these compact shrubs each spring. These varieties are commonly grafted into a tree form.
- Tinkerbelle (pink blooms)
- Dwarf Korean (lavender blooms)
- Miss Kim (light, lilac blooms)

LILACS SET THEIR BUDS AND BLOOMS ON OLD WOOD. PRUNE IMMEDIATELY AFTER FLOWERING TO AVOID REMOVING NEXT SPRING’S FLOWERS.

COMMON LILAC
Syringa vulgaris
10-12’ H x W
Deciduous
A large, multi-stemmed shrub with many varieties to choose from and clusters of fragrant blooms in spring.

SYRINGA - TAXODIUM

Bald Cypress
Taxodium distichum
50-70’ H x 20-30’ W
Deciduous
With fern-like foliage resembling needles, it’s tolerant of a wide range of soil and moisture conditions.
- Shawnee Brave 50’ H x 15-20’ W
- Peve Minaret Bald Cypress
- Falling Waters Bald Cypress
- Peve Minaret

Falling Waters Bald Cypress
Taxodium distichum ‘Falling Waters’
20’ H x 15’ W
Deciduous
This tough, hardy tree’s graceful, arching form provides year-round interest. Its deep-green leaves turn a rusty shade in fall.
TAXUS (YEW)

CAPTAIN YEW
Taxus cuspidata ‘Fastigiata’
12’ H x 6’ W
Evergreen
An excellent hedge with emerald spring growth and a slower-growth habit.

CITATION YEW
Taxus x media ‘Citation’
6-8’ H x 3-4’ W
Evergreen
A tight, columnar cultivar with dark-green needles that thrives in most soils and is easily kept small with regular pruning.

DENSIFORMIS YEW
Taxus x media ‘Densiformis’
3-4’ H x 4-6’ W
Evergreen
A durable, low-spreading shrub that makes an excellent foundation plant.

EVERLOW YEW
Taxus x media ‘Everlow’
2-4’ H x 3-5’ W
Evergreen
This spreading plant’s dense, dark-green foliage stays low and compact, but can be sheared for a more formal appearance.

HICKS YEW
Taxus x media ‘Hicksii’
10-12’ H x 3-4’ W
Evergreen
A traditional hedge whose narrow, upright growth takes shearing well.

EVERLOW
HICKS

THUJA (ARBORVITAE)

DANICA
Thuja occidentalis ‘Danica’
2’ H x W
Evergreen
This globe-shaped dwarf shrub with emerald foliage is an excellent and versatile choice for the landscape.

UPRIGHT ARBORVITAE
Thuja occidentalis
15’ H x 4’ W
Evergreen
Beautiful and slow-growing with a narrow habit, it tolerates shearing nicely for a more tailored column.
- Degroot’s Spire
- North Pole

FIRE CHIEF
Thuja occidentalis ‘Congabe’
3-4’ H x W
Evergreen
A great shrub for the landscape with intense, fiery color that becomes more pronounced in winter.

RHEINGOLD
Thuja occidentalis ‘Rheingold’
3-4’ H x W
Evergreen
A cone-shaped shrub that develops a coppery-gold color in winter.
ARBORVITAE IS GREAT FOR THE LANDSCAPE; IT’S EXCEPTIONALLY HARDY, ADAPTABLE TO A VARIETY OF CONDITIONS, AND CAN BE SHEARED AT ANY TIME DURING THE SEASON.
### Viburnum

**Viburnum**

**Deciduous**

An incredibly tough shrub with year-round interest. With glossy-green foliage, fragrant blooms, bright berries, and red fall color, this shrub has it all.

**Most Fragrant Varieties**
- Burkwood 6-12’H x 4-8’W
- Mohawk 7’H x W
- Carlesii Compact 3-4’H x W
- Juddii 6-8’H x W

**Unique Varieties**
- Blue Muffin 5-7’H x 4-6’W
- Cardinal Candy 4-6’H x W
- Brandywine 5-6’H x W

**Best Varieties for Screening**
- Eastern Snowball 10-12’H x W
- Mariesii Doublefile 6-8’H x 8-10’W
- Summer Snowflake 6-8’H x 8-10’W

### Allegheny Viburnum

**Viburnum rhytidophylloides ‘Allegheny’**

10’H x W

**Semi-Evergreen**

This larger, upright form makes an excellent hedge.

### Weigela

**Weigela florada**

**Deciduous**

A popular mounding shrub with unique foliage color and spectacular displays of fragrant blooms.

Weigela tolerates a variety of soils and is drought-tolerant once established; it’s also very attractive to hummingbirds and butterflies.

**Most Fragrant Varieties**
- Weigela florada ‘Alexandra’ 4-5’H x 3-5’W
- Weigela florada ‘Elvera’ 2-3’H x W
- Weigela florada ‘Brandywine’ 5-6’H x W

**Unique Varieties**
- Weigela florada ‘Verwigo’ 1-2’H x W
- Weigela florada ‘Alexandra’ 4-5’H x 3-5’W
- Weigela florada ‘Sonic Bloom’ 4’H x W
- Weigela florada ‘Midnight Wine’ 2’H x W
- Weigela florada ‘My Monet’ 2-3’H x W
- Weigela florada ‘Spilled Wine’ 18-24’H x 2-3’W
- Weigela florada ‘Bokraspinak’ 1-2’H x W
ADAM’S NEEDLE
YUCCA
Yucca filamentosa
3’H x 4’W
Evergreen
A great plant for low-maintenance, drought-resistant landscaping.

VARIEGATED VARIETIES
Fabulous variegated yuccas that are perfect for dry areas and container plantings.
- Color Guard 2’H x W
- Bright Edge 3’H x 4’W

---

GRASSES & VINES
GRASSES

GIANT REED GRASS
Arundo donax
8’H x 5-6’W
This bamboo-like plant provides good screening for large areas.
- Peppermint Stick
- Golden Chain

PEPPERMINT STICK

AVALANCHE FEATHER REED
Calamagrostis x acutiflora ‘Avalanche’
3-4’H x 2’W
A variegated variety of the popular Karl Foerster.

AVALANCHE

KARL FOERSTER FEATHER REED
Calamagrostis x acutiflora ‘Karl Foerster’
3-4’H x 2’W
One of the most versatile ornamental grasses, its attractive, narrow habit adds great texture to the landscape.

KARL FOERSTER

CURLY RED FOX SEDGE
Carex buchananii
2’H x W
Striking, evergreen foliage in hues of copper and gold that’s perfect for walkways and borders.

CURLY RED FOX SEDGE

NORTHERN SEA OATS
Chasmanthium latifolium
2-4’H x W
This bamboo-like foliage bears large, drooping, oat-like flowers.

NORTHERN SEA OATS

ELIJAH BLUE FESCUE
Festuca glauca ‘Elijah Blue’
4-12’H x W
A small ornamental grass whose icy-blue color creates eye-catching contrast in the landscape.

ELIJAH BLUE FESCUE

JAPANESE FOREST GRASS
Hakonechloa macra
1-2’H x W
A fantastic wash of color for a shady spot, its graceful, weeping mounds of chartreuse foliage resemble bamboo. Though slow to establish, it’s definitely worth the wait.
- All Gold
- Golden
- Fubuki

ALL GOLD JAPANESE FOREST GRASS

GOLDEN
**Japanese Variegated Silver Grass**

*Miscanthus sinensis variegatus*

6'H x 3-5'H

A large, graceful ornamental grass with wide, variegated blades.

---

**Gold Bar Maiden Grass**

*Miscanthus sinensis ‘Joy Creek Selection’*

4-5'H x 2'W

Dramatic, horizontal, gold striping runs from root to tip.

**LITTLE ZEBRA MAIDEN GRASS**

*Miscanthus sinensis ‘Little Zebra’*

3-4'H x W

A dwarf variety with horizontal striping.

**Morning Light Maiden Grass**

*Miscanthus sinensis ‘Morning Light’*

4-6'H x W

This beautiful, variegated foliage appears silver from a distance.

**Flame Grass**

*Miscanthus sinensis ‘Purpurascens’*

3-4'H x W

This green grass turns a fiery red in the fall.

**Porcupine Maiden Grass**

*Miscanthus sinensis ‘Strictus’*

6-7'H x 3-4'W

Porcupine gets its name from its stiff, striped blades.

**Yaku Jima Maiden Grass**

*Miscanthus sinensis ‘Yaku Jima’*

3-4'H x W

A maiden grass for smaller beds with beautiful, rosy-copper plumes in late summer.
**DWARF MONDO GRASS**
*Ophiopogon japonicus ‘Nanus’*
4-6"H x 8-10"W
These dark-green, grass-like clumps make an excellent edging plant.

**BLACK MONDO GRASS**
*Ophiopogon planticapus ‘Nigrescens’*
6"H x W
A clumping edging plant with deep-black, grass-like foliage.

**BIG BLUE LIRIOPE**
*Liriope muscari ‘Big Blue’*
12-15’H x W (Clumping Type)
A wonderful evergreen groundcover with tufted foliage and purple flower spikes in fall.

**APACHE ROSE SWITCHGRASS**
*Panicum virgatum ‘Apache Rose’*
30-36’H x W
Dense, blue-green blades turn dusty-rose in early summer.

**NORTHWIND SWITCHGRASS**
*Panicum virgatum ‘Northwind’*
5-6’H x 3-4’W
An easy-to-grow native grass that’s tolerant to adverse conditions.

**BLACK MONDO**

**PURPLE EXPLOSION**

**SILVER DRAGON**

**LITTLE BUNNY**

**HAMELN**

**LITTLE BUNNY FOUNTAIN GRASS**
*Pennisetum alopecuroides ‘Little Bunny’*
10-12’H x W
A dwarf fountain grass with fluffy, buff-colored blooms.

**HAMELN FOUNTAIN GRASS**
*Pennisetum alopecuroides ‘Hameln’*
2-3’H x 1-2’W
One of our most popular ornamental grasses because of its compact, yet full shape and foxtail seedheads.

**APACHE ROSE**

**NORTHWIND**

**SHENANDOAH**

**GRASS CLEANUP**

**FALL DORMANCY**
Once temperatures drop, ornamental grasses go dormant and can be cut down at any time. Some, however, prefer the interest the grasses provide once dormant, and will leave them up until early spring.

**GRASS BUNDLES**
Using twine or tape to wrap grass bundles keeps the grass from blowing away as you cut it; making it easy to take straight to the compost pile.

**PRUNING FOR SPRING**
Ornamental grasses come back up from the root, so be sure to remove all of the old growth to make it easier for the plant to fill out again.

**ESTABLISHED ORNAMENTAL GRASS CLUMPS**
**CAN EASILY BECOME COMPACTED, CAUSING THEM TO EVENTUALLY START TO DIE OUT. DIG THEM UP AND DIVIDE THEM EVERY 3-5 YEARS TO EXTEND THEIR GROWTH.**

**HARDY PAMPAS**

**THE BLUES**

**HARDY PAMPAS GRASS**
*Saccharum ravennae*
8-10’H x 4-5’W
This king of ornamental grasses is a large specimen with great fall color.

**THE BLUES LITTLE BLUESTEM GRASS**
*Schizachyrium scoparium ‘The Blues’*
2-3’H x 2’W
The Blues has a compact, upright stature and a unique, light-blue color that turns coppery-orange in fall.
VINES

HONEYSUCKLE
Lonicera
Up to 15’
A tolerant, sprawling, fast-growing climber with extremely fragrant blooms in summer.

PEACHES & CREAM
Akebia quinata
Up to 25’
A vigorous climbing and spreading vine with fragrant, deep-purple flowers and green foliage.

FIVELEAF AKEBIA
Akebia quinata
Up to 25’
A vigorous climbing and spreading vine with fragrant, deep-purple flowers and green foliage.

CLIMBING HYDRANGEA
Hydrangea anomala petiolaris
Up to 30’
Slow to establish, it clings to most surfaces with aerial roots.
- Miranda (variegated) up to 30’

TRUMPET VINE
Campsis radicans
Up to 30’
A tolerant, vigorous climber and a favorite of hummingbird with bright, trumpet-shaped blooms.

STAR SHOWERS
Wisteria
Up to 20’
Twisting stems up to 20’ long with clusters of fragrant spring flowers; trainable over arbors or as a tree.

BALBOA SUNSET
Parthenocissus quinquefolia
Up to 50’
A dense vine with dark-green foliage that morphs to a deep crimson in fall.

VIRGINIA CREEPER
Parthenocissus quinquefolia
Up to 50’
A dense vine with dark-green foliage that morphs to a deep crimson in fall.
- Star Showers

BOSTON IVY
Parthenocissus tricuspidata
Up to 50’
A popular clinging vine with attractive, maple-leaf foliage and lush, burgundy fall color.

EDIBLES
It’s easy to grow your own orchard. Our semi-dwarf fruit trees are compact and bear copious amounts of fruit. Some varieties are self-pollinating, but it’s always best to plant at least two varieties of a given fruit to promote maximum yields.

We also offer a variety of stone fruit trees, including plum, nectarine, and apricot.

APPLES
- Braeburn
- Fuji
- Gala
- Golden Delicious
- Granny Smith

CHERRIES
- Blackgold
- Black York
- Montmorency
- Stella
- Whitegold

PEACHES
- Blushingstar
- Contender
- July Elberta
- Red Haven
- Reliance
- Saturn
- White Lady

ASIAN PEARS
- 20th Century
- Hardy Giant
- Hosui
- Shinko

RASPBERRIES
- 5-6’-long canes
- Most varieties grow on long canes that can be staked or tied to save space. Raspberries fruit on second-year canes, so remove old canes in late fall.

BLACKBERRIES
- Like raspberries, blackberries grow on long, arching canes. Fruit appears in early summer on 2-year-old canes, so older canes can be removed in late fall.

BLUEBERRIES (HIGH BUSH)
- 5-6’ H x W
- Abundant crops of antioxidant-rich, sweet-tart, blue fruit cover these bushes following white spring flowers; brilliant red and orange foliage in fall.

BLUEBERRIES (LOW BUSH)
- 2-3’ H x W
- Dwarf blueberries have all the desirable characteristics of a full-sized blueberry bush, in a compact form. It’s perfect for small spaces, with great fruit yields.

BUSH CHERRIES
- 5-6’ H x W
- This deep-red fruit has the same sweet flavor as tree cherries, but in a smaller space. Trim bushes to a tree-like form, or prune to maintain a smaller size.

GOOSEBERRIES
- 5’ H x 3’ W
- These bushy shrubs produce tart, pink or red berries in abundance; the fruit is normally cooked, but fresh gooseberries can be refreshing on a hot day.

GRAPES
- 20-25’-long vines
- Easily trained along architectural accents, its textured foliage and sweet, juicy fruit offer a wonderful accent. Grape clusters ripen August through September.

BUSH CHERRIES
- 5-6’ H x W
- These bushy shrubs produce tart, pink or red berries in abundance; the fruit is normally cooked, but fresh gooseberries can be refreshing on a hot day.
